CLUB MEETING: Tuesday, April 8th
starting at 7:30pm at Circle B Recreation
Center in Banquet Hall.

BOARD MEETING: Tuesday, April 8th
starting at 6:30pm at Circle B Recreation
Center in Banquet Hall.

Notes from the President:

Is it really spring?

Well, yes it is spring, which officially started on Friday, March 21, 2003. Now we have been assigned the task of removing the last remnants of our snowmobile season. As this goes to the mailing committee, we will be removing our trail markers and snow fence that once marked our trails this season. With another season behind us, we need to park our machines for the summer and look towards next year – there is always next year – we all need to be optimists.

With it being spring, you know summer and the county fair is just around the corner. Along with the fair, the club voted at last month's meeting to purchase a new commercial refrigerator as well as a new soda cooler. We have found a source to purchase these items and get them at a good price. At least now we will make the state inspector happy by complying to the state regulations and laws. We are also planning to discuss in depth at April's club meeting, how much we will do to improve the cook shack including adding running water – hot & cold. Plan on being at the club meeting this month. See you there.

The B & B Newsletter

Monticello Sno-Mobile Club, Inc.

March 2003 Volume 36, Issue 7

P.O. Box 717 Cedarburg, Wisconsin 53012

Thank you to all.....

We would like to thank all those involved with helping out along the way this past season. A special **Thank You** goes out to all of our landowners for allowing us to cross their property again this year. Without their support, we would not have our trails and we would be a social club. Especially in at a time when snowmobile trails in our area are getting tougher and tougher to put in each year due to subdivisions and other hurdles, we need to keep in mind how valuable our landowners are to us here as well as throughout our state. So if you happen to run into any of our landowners, thank them for their support of our club and the sport of snowmobiling. Last month we sent out the landowner gifts – a gift certificate to Hansen's Piggly Wiggly; just a little something to say thanks. Thanks again!!!

Nominations & Voting

Now that it is April, we need to vote for at least three club members nominated at March's club meeting to fill the three positions for the Board of Directors. In March, Chris Habich, Mike Mueller, and Dan Burbach were re-nominated for the Board of Directors. We will re-open nominations at this month's club meeting before we vote. Anyone wishing to be nominated or if you know of someone willing to be nominated, stop in, nominate them and then vote. Remember, be there or get elected.....

Dues.

Another reminder, we are raising our dues next fall. This is due to the AWSC increasing their dues to ten dollars from six. This increase is the first in at least ten years. Active membership will now be \$25 instead of \$20 and

non-active will be \$40 instead of \$35. I know times are hard and money may be tight, but we need to keep our sport alive so we don't lose out to those who would rather see our machines parked year round. So please help us continue to support our pastime of snowmobiling by supporting your club and the AWSC. You would be surprised to know how many organizations there are that would love to shut down recreational motorsports. Remember, **"UNITED WE TRAIL, DIVIDED WE FAIL....."**

Groomer

At the club meeting in January, it was brought to our attention that one of the northern clubs in Ozaukee County had extra parts for a Tucker Sno-Cat, model 2000, just like the one we own. The parts included enough rubber belting to redo all four tracks, sprockets, idler wheels, cleats, and tools and jigs to create new tracks whether on the trail or in the shop. The club at that time voted to purchase these items and Randy Kison along with his brother Jim, went and purchased them a few weeks ago. They were both very surprised at what was for sale. Once they picked their jaws up off of the floor, they made the deal and we are now in a very good position to handle any situation our Tucker may throw at us. Now all we need is snow to give it a work out.

County Fair Discussion

During the last week of March, we have put in our reservation for our spot at the Ozaukee County Fair. This means that planning for this event is in full swing. The major project, as you have read about earlier, is working on the cookshack. We need to make it easier to set up and tear down. Due to the size of the bar and

cook shack, this takes time and man power. Usually Sunday night is really short and any way we can make tear down go easier and quicker, we need to do it. At this time, we are considering re-building the cookshack to allow for this. Many ideas have been thrown around along with various price tags and we need to decide on which one we will pursue. Some of the ideas discussed are: building a cookshack on two four place trailers, converting an RV, re-building the walls into larger sections, and even starting over. At the club meeting this month, this will be one of the main topics since it is the second last club meeting of the season and July will be here real fast. Help us out by helping us decide on which plan or idea will work out the best. For those of you who have cooked or worked the cookshack in the past, we want your ideas and input. Looking to see you this month....

For Sale:

1996 Artic Cat EXT EFI 580

Deluxe with electric start and reverse; 1267 miles, excellent condition, \$3200
