It is Finally White Outside.....

What a way for December to start, with a snow storm. Hopefully, the snow didn't catch anyone off guard or put anyone in peril. With all the warm weather we had before, during and after Thanksgiving, we started to wonder what kind of winter was headed our direction. Now it is white and the trails are in.

The one nice thing about the balmy weather during November is what you can do outside and not freeze your butt off. For starters, installing the trails you actually could do this in jeans and a sweatshirt. And for the Grafton Christmas Parade, you didn't have to bundle up as if you were at the Packer Ice Bowl. The parade had temps around 55 degrees Fahrenheit, which we don't normally see every year.

But who's complaining. Thanks goes out to Cliff Cole and family (Sharon was driving the truck and his boys were riding the sleds) for taking on this event. As you can see from the picture at left, there is green grass in the background as well as light clothing worn by his boys. Also, thanks to Cedar

Creek Motor Sports and John and Jay Jepson for donating the use of two of their new sleds and trailer for the parade. Cliff and kids handed out roughly 300 of our club brochures and were asked about our club as well as the snowmobile safety course. And of course, we were followed by three wise men on camels (they were real camels). Go figure – a winter sport followed by desert transportation.....

Till next month, see you on the trails.....

WEBSITE CHANGE

The new club website address is:

www.monticellosnomobileclub.org Please update your preferences and pass this on to your friends.

40th PARTY....

Has been here and gone. Attendance was a little lower than we expected, yet those there that night enjoyed good food (from the appetizers of taco dip (thanks to Vicki and Kathy), veggies & cheese and sausage tray (thanks to Chris), smoked fish (thanks to Ron Ladwig) to the main course of pork (roasted by Bud Post) and chicken from the Grafton Bowl as well as numerous side dishes) as well as socializing plus music provided by KickBack.

We would really like to thank Patty & Randy Kison, Kathy & Denny Kison, and Chris Habich for planning and setting up plus taking care of the food and cleanup for this event. Without their time, patience and dedication, our party wouldn't have gone as well as it did.

TRAILS ARE IN

We should have all of our trails in by the time you read this newsletter. There are probably some areas that could use additional brushing of the trees, but time hasn't been on our side to get that finished by the time the trails need to be ready to open. Thanks to all the volunteers helping to brush and install our trails this fall: Randy, Brian & Austin Kison, Mark Gall, Nick Gall, Denny Kison, Chris Bumpke, Mike Brown, Jeff Habermann, Mark Helm, Dan Burbach, Karl Simonis, Frank, Steve Brandt, Rick Dickmann, Mel Trapp, Dick Larson, Dave Helm, Mike Dondlinger, and Justin Vesselmann. Also, thanks goes out to Bob Thomas for dragging our trails across the fields that have been turned up; we have some nice flat trails again this year. I'm sorry if I have forgotten anyone. Please let me know as I'm going from memory as I write this.

TUCKER WORK

We need to get the Tucker over to Dave Polzin's shop so we can get to work on re-packing the bearings and repairing any rubber belting on the tracks. There is a minor crack on one of the turning plates that needs to be welded. We do need to install a new mirror on the passenger side as well. If you are able to help on this project, please give Randy Kison a call. Time is running out and the trail open date will be here and we need to have the Tucker up and running.

SNOWMOBILE SAFETY COURSE

This may be a little late, but here are the dates and times

of this year's safety course are December 5th, 7th, 12th and 14th and will be held at the Cedarburg Police Department meeting room. Times are 7:00 to 9:00pm all four nights. Please contact Andy Lyneis for pre-registration. Class size is limited, so be there a little early on Tuesday, December 5th so paperwork can be filled out.

SNO-FARIS

For the St. Germain Sno-Fari, we have three rooms out of the ten spoken for at this time. If you are interested, the dates of this trip are February 9 & 10, 2007. Room rates are \$89 per night for double occupancy (this is the weekend rate). The rate for Sunday thru Thursday is \$75 per night. If you want to get up there on Thursday or stay thru Sunday night, the rate drops and there are rooms available if you want to stay longer.

There is also a Crivitz Sno-Fari if we have enough interest. Dave Helm is planning this trip and the dates for this are January 19 thru 21. We are looking for interested parties to contact Dave at Sduffguy@aol.com or stop in at December's club meeting.

CLUB BROCHURE

Thanks to Cliff Cole's idea and hard work, we have finished our club's first brochure and have included one in everyone's newsletter. Please keep it handy for the snowphones are listed in there for both counties. If you need additional copies to hand out to friends or co-workers or whomever, we'll have more to hand out at the club meeting.

Our plan is to put these out alongside our maps at the local establishments plus we are doing a mailing to registered snowmobilers who don't currently belong to a snowmobile club. We will also have them at the county fair next summer.

FOR SALE

2005 Polaris 550 Super Sport w/reverse, 400 miles, fan cooled, cover & oil & windshield bag included, asking \$4500. Call Jeff @ 262-623-0150
