CLUB MEETING: Tuesday, January 14 starting at 7:30pm at Circle B Recreation Center in Banquet Hall.

BOARD MEETING: Tuesday, January 14 starting at 6:30pm at Circle B Recreation Center in Banquet Hall.

Notes from the President:

Happy New Year!!!!

To all as we embark on another year in the new millennium. The only thing wrong with this new year, is that it is starting out just like last year – poor snow conditions. I still remember two December's ago (like it was yesterday) when the snow was coming down so hard, it was almost a white out. That was the first time I was able to leave from my new house via snowmobile and hit the trails. Wow, what a December!!! I know that many of you are saying "so what?, I could always do that." But do you remember the first time you were able to do that? It does add to the enjoyment – its like being up north leaving right from your room at the motel.

Back to reality, we are always looking for snow and we'll take what we can get. So in this upcoming new year, lets play it safe and call the snow phones before riding. We do not need to upset any one, especially our landowners; so stay on the trail and enjoy our sport as best as possible.

Club Clothing

In December, we received our latest order of Club clothing for those placing orders. That order contained three different colored winter jackets complete with our club logo and they all turned out really good. Besides having the latest fashion wear complete with our club's logo, we have a variety of colors to match. Our clothing ranges from hats to turtle necks to winter jackets. If you wish to place an order, please stop in at January's club meeting or give Patty Kison a call. We need to have orders for at least 12 items to be cost effective. Stop out and see what we have to offer.

Calendar of Events

Enclosed with the newsletter is the calendar for January and December. The calendar includes trail rides, fish fry rides, club meetings and important phone numbers for the snow phones. Please keep these calendars handy so you know what is happening this season. Also, please call the snow phones before riding our trails – play it safe and keep our trails safe.

Trails

At this time, all our trails are in and are ready to go. Please keep us informed if you see any missing signs or broken stakes. With the warm and cold weather we have had, the frost may have pushed some of our stakes out of the ground. Give us a hand when you see one of our stakes lying down – grab a sledge and put it back into the ground. This helps keep our trails marked and ready

for that big snowfall.

Thanks to all the volunteers we have had this past fall brushing and marking our trails. Without your help, our trails would not exist. Also, thanks to Cedar Creek MotorSports for loaning us an additional ATV to assist with trail work. We appreciate the generosity.

Sno-Fari's....

Well, we may have two more trips planned for this season even though Mother Nature is not being kind to us. The forecast for the first weekend in January actually has some snow accumulation in it. We're praying that there is even more snow up north especially when all you can do at this time is go ice fishing.

Mike Mueller's Sno-Fari to **Lake Nokomis** is still on at this time. We will know by early to mid week if there is enough snow to make the trip which is January 10th and 11th. If conditions do not improve, Mike will be in touch with those planning on going to Lake Nokomis.

I still have four (4) rooms open for the **St. Germain** trip on February 14th and 15th. Room rates for 2 queen/kit \$79.00 per night. My cut off is January 14, 2003 (night of the club meeting). Let me know if you need a room or two at the club meeting or give me a call. Next month, I am looking for any details from trips that club members have taken either in Wisconsin or the UP this season. Email or fax them to me at the number or email address on the front of this newsletter. Thanks for the input.

For Sale:

1996 Artic Cat EXT EFI 580

Deluxe with electric start and reverse; 1267 miles, excellent condition, \$3200
