QUICK OVERVIEW OF EVENTS...

We're going to take a break from club history this month. But don't worry; we will touch on more later on this season. Currently, Dave Helm has the club archives and is in the process of writing an article for the AWSC's magazine as well as for us to use on our website. We have been trying to get our club's history together for some time. What was needed was someone such as Wally Thill to suggest to Dave that with this being our 40th year, we should put write an article for the magazine. From this point forward, the snowball started rolling. Dave will bring what he has to this month's club meeting for us to review. Even with his article at the club meeting, we'll also continue to bring the archives as well. Plus, the plan is to have them at the 40th Club Party on November 11. This is pretty awesome to hit our 40th year, plus get the word out that we're still around and plan on being here for years to come. We may be able to use the article in our local paper as well. Never know where we can go with this. Our club still has some of the original members (okay, not too many but enough to keep us informed of the past) and to have them still involved forty years later is pretty awesome.

Anyway, if anyone has club history whether it is newspaper articles or pictures or videos or 8mm films, we would be very interested in them. Please give me a call or email if you have something or know someone else who might. I do know that there is a club photo album out there somewhere, but I haven't seen that for years. It would be pretty cool if we could come up with some pictures for the party and to have at the meetings.

Till next month, see you on the trails.....

WEBSITE CHANGE

The new club website address is:
www.monticellosnomobileclub.org Please update your preferences and pass this on to your friends.

40th PARTY....

We have had 75 respond to our Club Party on November 11 @ The RoadHouse. We have planned the menu and have worked out the details with management. Now all we need is the day to arrive and we all look forward to a fun filled evening. Party starts at 5:30pm with dinner at 7:00pm and the music will start at 8:30pm.

LANDOWNERS

Included with this newsletter is your landowner gift – a \$40 grocery gift card. We as a club felt that in honor of our 40th anniversary, we would give you a gift that would go along with our forty years. Because without you – our landowners – we wouldn't have a trail system. Thank you again for your continued cooperation and allowing us to use your land.

Also, we will be contacting you shortly regarding the trails, how last season went, and getting permission for this season. If anything did happen last year, please let us know so we can correct it and work on not letting it happen again. We are willing to do what it takes to keep our trails intact and open each season.

Thanks again for the use of your land.

BOMBIE IS SOLD!!

Thanks to Gary Mayworm, we finally have sold our Bombie. Gary sent us three or four individuals before we actually sold this unit. We received an amount near the low end of our range, for which the Board gave its blessing. So, as of Friday, October 27, the Bombie headed north to Fond du Lac to its new home.

Thanks again to Gary for sending us all the leads and especially the last one who finally purchased it.

GUEST SPEAKER

This month, we have invited Wally Thill to spend time with us at the Club Meeting. He will be fresh out of the conference held up in Stevens Point. He always is informative and well prepared for us. Stop in and join us this month at the RoadHouse. If you have any questions for Wally, bring them along with.

SNO-FARIS

For starters, we have reserved 10 rooms at the Hearthsides in St. Germain, and presently, there are eight (8) rooms

left. The dates of this trip are February 9 & 10, 2007. The rates are up again from last year; we are looking at

\$89 per night for double occupancy (this is the weekend rate). The rate for Sunday thru Thursday is \$75 per night. If you want to get up there on Thursday or stay thru Sunday night, the rate drops and there are rooms available if you want to stay longer.

CLUB BROCHURE

We have revision 2 of the brochure from Cliff Cole and he has made the changes we specified after last month's club meeting. Stop in and check this out; given no changes need to be made, we will then need to obtain quotes on getting two-sided color copies made plus have it folded in thirds. We are planning many uses for our new brochure.

TRAIL DATES

Two Saturdays have come and gone and we still have a lot of work to perform before the frost gets into the ground and hampers our installing of the trails. Right now we are planning on Saturdays (November 4 & November 11) to work on our trail system. Usually, we work from 7:30am to 1:00 or 2:00pm (later if needed). We meet at Ma Kison's and go from there. The more volunteers we have, the sooner we can get the trails brushed and installed.

FOR SALE

2005 Polaris 550 Super Sport w/reverse, 400 miles, fan cooled, cover & oil & windshield bag included, asking \$4500. Call Jeff @ 262-623-0150
